

## Meet the team... Mrs Gordon, Mrs Power, Mrs Kirkland & Mrs Andrews

Headteacher & SENDCo

Trainee SENDCo

SEND Assistant

Mental Health Lead

## SEND Newsletter – January 2025

### What is a WIDGET..?

Widget symbols support teaching and learning throughout the primary curriculum to ensure that children can access and understand vocabulary and texts within lessons. Widgets can be found in all of our classrooms, to support our children's understanding; from topic vocabulary to chunks of texts.

### PINS – Partnership for the Inclusion of Neurodiversity in Schools.

The PINS project is a national programme aiming to support the education and health needs of neurodiverse children in schools, working with local authorities, parents and schools. Key principles include a whole school approach, high quality staff training and parent support groups. **Our next PINS Parent Catch up is on 21/01/25 1400-1500.**

At Studley St Mary's, we believe that every child at our school is unique and we aim to provide a broad and balanced curriculum for all. We are committed to developing cultures, policies and practices that are inclusive. Systems are in place to identify when children have barriers affecting their learning, followed by specific interventions to help children overcome these barriers. This practice of personalising learning applies to all children. For academically more able children this means provision of appropriate challenge to develop their talents. Where children are identified as needing additional support, in any aspect, the school follows the Code of Practice to ensure that every child's needs are individually and appropriately catered for, and that outside agencies are involved where needed, to provide guidance and support so their talents shine too.
